## Declaration of conformity REACH Directive EC 1907/2006

### Information to our customers and other partners;

Reach is the new regulation of chemicals that will replace many of national and international chemical regulations that was valid before 1st june 2007 in EU and Sweden.

Reach stands for Registration, Evaluation, Authorisation and Restriction of Chemicals.

The Directive will come in to force in the European Union the 1st June 2007, but the conformity to REACH regulation is phased with different deadlines until 2018.

Hereby we, GARO AB, confirm that we and our suppliers fulfil the requirements in the Directive EC 1907/2006.

Best regards,

GARO AB
